In 1999, Ted Cooper's life changed forever. Agnostic at the time, he read the Bible from cover to cover in three months. Halfway through this extraordinary experience, he committed his life to Christ.

In 2001, Ted created *The Bible in 90 Days* to help others share this experience. Surprised by the response and the success rate, he modified the course so that it could be easily led by other lay leaders. The results were such that Zondervan published the curriculum and resource materials, making them available nationally in the fall of 2005.

Never read the entire
Bible?
Here's your chance.

Join us for the
experience of a
lifetime.

"For someone who has never
read the Bible, this was the
perfect class."

Karen Payne, graduate

The Challenge:

To read attentively every word of the Bible in 90 days.

Meet the 90 day challenge with this unique course:

- Individually, you read 12 pages a day in a Bible specially selected for its ease of reading. Unique resource materials help you comprehend as you read.
- Once a week you gather with other participants to:
 - ⇒ review what you read during the previous week
 - ⇒ preview the next week's reading
 - ⇒ participate in small group discussion
 - ⇒ hear a lesson — either videotaped or live — drawn from the previous week's reading.

When you have met the challenge you will:

- know more about God and His relationship with each of us
- see interconnections that exist throughout the Bible
- have eliminated “guilt”... the “should” is checked off
- have a critical foundation for future Bible study
- have fully received the gift God gave us.

"I'm not surprised by how many start reading; I am surprised by how many are finishing. That's unbelievable."

- *Dr. William Boyd, President
College of Biblical Studies*

"I love The Bible in 90 Days. As a Christian school teacher, I've studied and taught the Bible for over 15 years, but never connected more than one book. This new love and excitement for reading the Bible is from one who already knows the Bible well."

- *Sue Fansler, graduate*
